Data for the months of March, June, September and December include quarterly information.

Information in this report is based on collective agreements covering 200 or more employees, a sample that represents 76% of unionized employees in Ontario. Wage data in this report are derived exclusively from information reported to Collective Bargaining Information Services. Data for the current month are preliminary. All percentage wage data are calculated on the base rate, weighted by the number of employees, and include cost-of-living adjustments (COLA) where applicable, calculated at projected rates of inflation. The increases do not necessarily reflect the average increase for each member of the bargaining unit.

The Collective Bargaining Highlights may be reproduced and circulated freely. However, Collective Bargaining Information Services should be acknowledged as the source.
